Curriculum vitae

Yuriy Yashchuk

Year of birth:	1982
Residence:	Kyiv, Ukraine
E-mail:	yashitweb@gmail.com
Mob. & Viber:	+38 (093) 0861819
Telegram:	@YashITWeb
LinkedIn profile:	https://www.linkedin.com/in/yuriy-yashchuk-it
GitHub profile:	https://github.com/YuriyYash
Portfolio:	https://yuriy-yashchuk.vercel.app https://yuriyyash.github.io/Portfolio
Computer and information technologies education:	O. M. Beketov Kharkiv National University of Urban Economy, speciality: Automation, computer-integrated technologies and robotics; specialization: Systems engineering; educational and qualification level: Master's degree in Automation and computer-integrated technologies ITEA-School, FrontEnd Development under the IT-Generation program (I have honors certificates JavaScript Professional and FrontEnd Professional) Scholarship programs from Google & Coursera in specialties "IT&Tech Support" and "Google Cybersecurity" (I have Google certificates)
Legal and economic education:	Kyiv National Taras Shevchenko University, law faculty, speciality - jurisprudence, specialization - commercial law and process, education level - master of law Institute of International Relations of Kyiv National Taras Shevchenko
	University, speciality - international economic relations, specialization - international finance

	Institute of International Relations of Kyiv National Taras Shevchenko University, speciality - international business, specialization - international business management	
Practical experience:	October 2022 – Present Independent layout of websites on free projects in Figma in order to gain experience and skills gained during education. September 2022 – March 2023 Implementation of practical tasks as part of education at ITEA under the IT-Generation program. March 2022 – August 2022 Performing practical tasks as part of an independent study of FrontEnd Development using video courses on the Internet.	
	Until March 2022 Commercial and IT lawyer, private attorneys practice	
Programming languages, frameworks and resources:	HTML5, CSS3, JavaScript, TypeScript, Bootstrap, Webpack, Git, GitHub, Figma, Photopea, Sublime Text, Emmet, Visual Studio, Visual Studio Code, Koala, PerfectPixel, Sass, Scss, SQL Server Management Studio (SSMS), Tools for programming PLC and automated equipment (Ladder Diagram, PLC Simulator Online, OWEN Logic, Verilog, VHDL, EDA playground, DCON Utility, Scilab, M-Lab, IDPC, WOKWI), Stream programming tools (Node-RED based on Node.js)	
Languages:	Ukrainian – Native, English – Advanced, French – Advanced, moscovite – Fluent	
Other:	International driver's license, significant driving experience	

The list of seminars, trainings, advanced training courses
